

Penngrove School Song

Hey, look me over, I'm from Penngrove School.
We are the finest students, the teachers are so cool.
We study how to read and write...science, history, too.
Math is great and it's fun to learn that one and one is two.
And we are...

Up like an eagle, soaring way up high.
Spreading out our wings and reaching for the sky.
Yes! We're going to be successful!
We're going to reach our goals!
So look out world here we come.
